- What corrections did you have to make?
 - I added alt text to the images and aria labels to the buttons.
- Do you think your website is usable if you turn off the CSS? Why or why not?
 - It is still usable although it is much harder to. It would take some time to adjust to it as everything is a bit disorganized.
- Is your site is tabbable? In other words, without the use of the mouse, are all the links and buttons accessible using the tab key?
 - Yes, it is tabbable.
